# How to Read The Real Estate Records

The information appearing in this newspaper is taken from deed and mortgage documents filed at each of the twenty-one registries of deeds in the state. All property transfers with a sales price of at least \$100 and all term-mortgage documents are collected.

Whenever possible, we combine the separate deed and mortgage documents so that we can present one complete record of the street address, purchase price, lender and mortgage amount. When we cannot link a deed with a mortgage (and vice versa) each transaction appears individually.

Real estate records are organized alphabetically by registry, then town, then by street name within a subhead (Real Estate Sales, Foreclosure Deeds, or Mortgages.) The exception is Suffolk Registry and the City of Boston which appear first.

■ The statistics at the beginning of each town are for all single-family home sales with a purchase price of \$100 and above from January through the most recent complete calendar month.

| MARKET STATISTICS THROUGH FEBRUARY |          |          |  |
|------------------------------------|----------|----------|--|
|                                    | YTD 1993 | YTD 1994 |  |
| Number of Sales                    | 17       | 23       |  |
| Median Price                       | \$47,000 | \$85,000 |  |

- Year-to-Date (YTD) statistics for all single-family home transactions within our price range criteria.

■ The amount appearing on the same line as the street address is the purchase price from the deed. We print “No Amt Given” when the amount did not appear on the document we review. “No Street Given” appears in place of the street address when it was not available. The volume, page of the deed and filing date appear for all sales.

The mortgage lender and the amount of the mortgage used to purchase the property are shown. Any second mortgage (Mtg2) filed at the same time as the deed will also appear here.

■ In communities where we have a file of all properties from the assessor's office, we provide additional property details when available. This is done by exactly matching the address and seller name from the new sales record with the address and owner name found in the property file. No descriptive data appears whenever there is any doubt that the two records are the same property.

The “Use” is based on the code the assessor assigns to each building on a parcel. Whenever there is more than one use code or more than one building on a parcel, we flag these as “Multi-use” and “Multi-bldg” respectively.

■ These deeds transfer title to the lender after the mortgage is foreclosed (unless there is a higher bidder at the auction.) The amount in these transactions is usually the amount of the outstanding mortgage that was foreclosed.

## Chapter 13 Bankruptcies

Filed: Office of the Clerk, US Bankruptcy Court, O'Neill Federal Office Building, Boston.

*These allow for an adjustment of debt. An individual with a regular income proposes a plan to pay off debts from future earnings over a period of time between three to five years. Usually these payments are in full satisfaction of the debt, but may be a percentage of them. Upon completion, the debtor receives a discharge of all debts covered by the plan except child support and alimony, if applicable.*

The name and mailing address of the person or entity filing the petition is followed by the filing date (D) and the case number (Case#)

**Attachments**

Filed: Registry of Deeds.

*Attachments are liens on real property of defendant(s) to satisfy any potential judgement for damages and costs that may be awarded to the plaintiff(s). Prior notice to the defendant is required except in unusual circumstances when the court may allow an ex parte attachment without prior notice. The filing of an attachment does not mean that the plaintiff will win the lawsuit and by the time it appears here, it may have been released. We report only that an attachment was recorded; the registry of deeds must be checked for discharges or releases.*

The name and address of the defendant is followed by the Plaintiff making the claim. The filing date (D) at the registry of deeds and the potential award (Amt) is shown. If an address does not appear here, it was not available on the document we review.

**Petitions to Foreclose**

*The information here has been abstracted from initial filings at the Massachusetts Land Court where a lender has asked the court for authority to foreclose the mortgage it holds on the property mentioned. The Land Court has the responsibility of notifying interested parties of the foreclosure proceedings through the publication of legal notices in newspapers throughout the state. Only parties who are protected under the Servicemembers Civil Relief Act of 2003 may register objections to the proceedings. If no legitimate objections are filed with the court, the lender is granted permission to proceed with the foreclosure sale of the property.*

The property address appears on the first line. The current owner of the property is followed by the lender (L). The third line begins with the Massachusetts Land Court case number and is followed by the date that the foreclosure petition was filed with the court.

## Foreclosure Sales

*These notices of the public sale of mortgaged property are compiled from legal notices published in newspapers throughout the state. The proceeds from the sale usually are used to satisfy the mortgage in default. The time and place of the sale must be published for three consecutive weeks in a local newspaper prior to the sale. The sale may be postponed; or the sale may not occur at all if the debt is satisfied before the sale.*

The property address, date and time of the sale appears on the first line followed by the current owner (O) of the property. The lender (L) and the cash deposit (Deposit) required at the time of sale are found on the third line. The book and page number (Bk/ Pg) of the mortgage document and the filing date (D) at the registry of deeds comprise the fourth line. The newspaper (Source) and issue date (in parenthesis) can be checked for additional details. The attorney's name (Atty) and phone number appear on the last line for interested parties to contact.
